[14:29] <thatanonybear> bought a car, no brakepads, but i shoulda expected it  
[14:29] <coca\_ethylene> a lobby not working properly and a book with no words are completely different  
[14:29] <bootytease> it not real life you dont have to camp  
[14:29] <slayer\_11\_king> Yeah because servers are always messed up first few days

[14:30] <darthradovanviking> I thought to sort this problems outt you had a thing called a beta  
[14:30] <thatanonybear> @GoldenColts LUL  
[14:30] <vitalidol> Hi  
[14:30] <stuart360> I love people making excuses for devs, like its 'wrong' to expect something to work that you paid good money for  
[14:30] <slayer\_11\_king> @coca\_ethylene you are right  
[14:30] <timboslicegb> coca name a game thst dont have them with mp  
[14:30] <coca\_ethylene> you dont have millions of people simultaneously playing in beta  
[14:30] <lord\_edmund\_blackadder> Ehm, well, that's what you get with peer-to-peer lobbies and hitscan weapons...  
[14:30] <wilji1090> Or maybe you didn't hit the hitbox....?  
[14:30] <huffysan> @DarthRadovanViking Was there beta for WWII?  
[14:30] <darthradovanviking> @coca\_ethylene really?  
[14:30] <theycallmejimbob> hey vitalidol

[14:31] <hindae> I don't think it's millions but yeah, lots of people now, and they're better now than in beta  
[14:31] <slayer\_11\_king> FUNgineer WutFace  
[14:31] <elenaarboria> This is why I never camp. Its kinda embersasing to camp for whole minute, get drop on guy but still get killed since my accuracy sucks :D run and gun all day if you ask me

[14:31] <gayassowl> lost from lag, nothing you could do Kappa  
[14:31] <darthradovanviking> you can potentially have the whole playerbase pluss more playing in a beta. Because you make it free  
[14:31] <elzorrobot> I die, I spawn  
[14:31] <terranines> good point, if you keep moving you're harder to hit  
[14:31] <tuntsa> @thatanonybear comparing books and other items which are only in your use to video games is completely stupid

[14:31] <arcticsurface> Now to wait another 20 minutes  
[14:31] <hindae> Yeah, lots more people just fucking around exploring the game

[14:32] <timboslicegb> it was in beta  
[14:33] <skush> Can you be a black nazi?  
[14:33] <darthradovanviking> you should be expected to deliver a product that works on day one... You shouldn't be expect to deliiver a product that doesn't work.

[14:35] <terranines> stop with the analogies. games aren't books or cars.

[14:35] <darthradovanviking> @Tuntsa I might be from another age or soemthing. But When i bought a games back in the day. It was a finished product, not with 100 hotfixes, and updates.

[14:35] <slayer\_11\_king> Phil try using a different gun

[14:35] <kovoruss> games aren't book smart

[14:35] <londorgael> thats because your reaction speed is really slow

[14:35] <hindae> Man this really is barebones CoD gameplay, wall penetration is MW2 era stuff
